FROM YOUR PASTOR'S HEART

"You can find anything you want on social media...but the truth is found only in the word of God." -Pastor Tony

When I was growing up social media was mostly talking with friends on the school bus to and from school. During the summer, I was pretty much isolated from school friends. I had five brothers and a sister, so I wasn't completely alone. We had the "Library-mobile" that would stop on the old dirt road in front of the house once a month. And we had the World Book Encyclopedia. Television wasn't a big part of our lives so it would not have been unusual to find us sitting around reading an encyclopedia. Boring, huh?

Fast forward to today. I have access to five movie channels, four television news channels, at least. And unlimited internet access. Therein is the problem. Problem? Unlimited access to information is a problem? Yes. Absolutely. Why? Because there is no guarantee that the information is true. There is a lot of misdirection, misconception, and outright lies to lead folks astray. No matter your sin, perversion, mental illness, or unnatural desires…you can find people of like abnormalities and problems to boost your feeling that you do not have a problem, everyone who disagrees are merely "haters". People don't get the help they need; they only get affirmation that their sin is not sin.

That is why the local church is so important. We must continue to proclaim the gospel of Jesus. He came to save us from the results of our sin. And how do we know sin? The Bible or the opinions of like-minded sinners, seeking to justify their sin? You can find anything you want on social media...but the truth is found only in the word of God.

Of course, there is always unscrupulous, wolves in sheep's clothing, who want to pervert scriptures to mold to their deceitful messages…but find a local body of believers who teach what the scriptures truly say about such things as homosexual relationship, abortion, transgender mindsets, and a God who loves a sinner while hating their sin.

Say good things about your Savior and His Church on the Bluff
